UNDER CONSTRUCTION

Ben & Jerry's Extra Chunk St. Albans, VT

Complete

Robert V. Conner Elem. School Lewiston, ME

CCS is installing 400 tons of steel, bar joist and metal deck at this brand new 150,000 sq. ft. elementary school.

One Burlington Square Burlington, VT

This 50,000 sq. ft. renovation to an existing structure required demolishing a floor and installing 2 levels of new steel.

Complete

Weybridge New Haven Bridge

Crews have been working in winter conditions to get a cofferdam constructed and sealed so a new concrete pier can be poured. The old bridge will be removed and a new one installed during a 60 day shutdown in the spring.

VT Ag & Environmental Lab Randolph, VT

This 40,000 sq. ft. new building for the State of Vermont on the campus of VTC has 291 tons of steel.

Bary Callebaut St. Albans, VT

200 tons of steel, metal deck and bar joist will be set at this 50,000 sq. ft. chocolate manufacturer's addition.

Green Mountain Services Morrisville, VT

CCS is building a 12,500 sq. ft. of office space at this new building constructed of insulated wall panels.

S. Burlington STP SCRP (8) S. Burlington, VT

This project is mostly complete with the exception of landscaping and sign removal scheduled for spring.

East Montpelier BRF037-1(7) VT

Temporary bridge is installed and Route 2 work is complete except for paving; new bridge construction to start in the spring.

Global Foundaries Clarifier Essex Jct. VT

CCS will be returning here in March to replace sections of Clarifier #4

UVM STEM Classroom Burlington, VT

CCS is currently erecting 600 tons of steel at this 80,000 sq. ft. project that began mid-December 2017.
